REB 30 is our flagship motor. Being one of the most variable elec

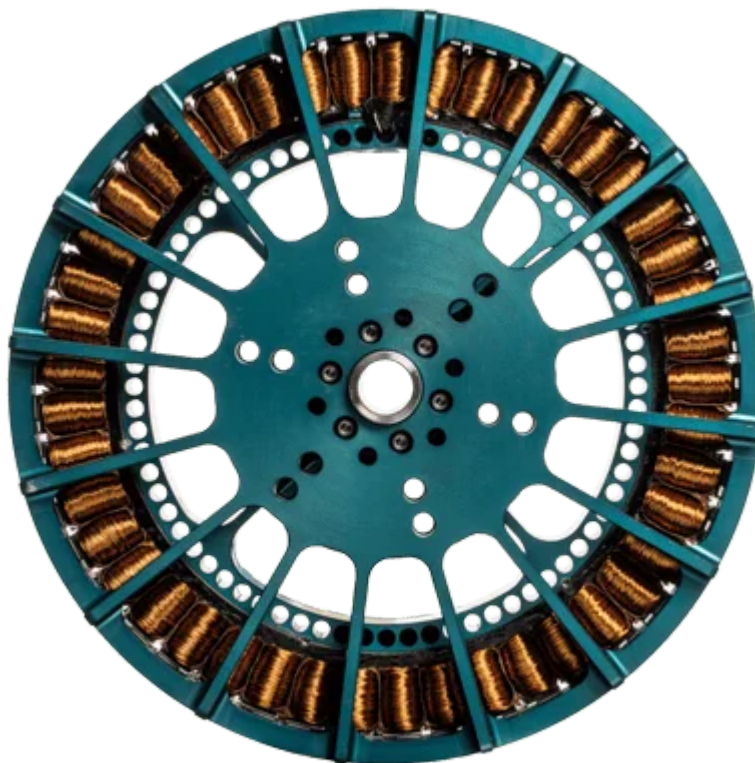

WE ARE PREPARING A NEW WEBSITE FOR YOU. STAY TUNED!

This motor suits especially well with complex projects like urban mobility. REB 30 can also be used very effectively in demanding projects like electric airships, where very high torque and very low rpm output is needed.

We pay extra attention to variation and customisation. We will do our best to tailor REB 30 exactly in the way you need.
